

EL FENN

Spa Menu

Cleansing and nourishing the body - and mind - have been part of Moroccan culture since time immemorial. And the El Fenn spa is a sanctuary of peace, calm and relaxation. From hammams in our traditional tadelakt-lined steam room to fireside massages, our spa team is here to make sure you slow down, relax and replenish.

MAISON D'ASA

Founded by Asma El Mernissi, Maison d'Asa is a Moroccan brand that uses only the finest organic ingredients. Every one is carefully selected for its benefits - from antioxidant properties to perfumes to envelop the senses. Morocco is rich in natural ingredients and Maison d'Asa has harnessed them to create beautifully natural products to soothe and replenish your skin.

YOUR SPA EXPERIENCE

We advise arriving at the spa a few minutes before your appointment to begin the process of unwinding for your treatment. Or come a little earlier if you want to have a dip in our beautiful spa pool. Afterwards, relax on a daybed with a rose-infused cold towel and a selection of dried fruits with a refreshing herbal tea. It's the best way to let the massage oils do their work and also make the most of the deep state of relaxation your treatment will create. And if you can, don't shower for a few hours to really make the most of all the nourishment your skin has been given.

Hamman

Exfoliate and deeply hydrate your skin with Morocco's signature body ritual. All our hammams comprise of three core elements: a natural black soap exfoliation, moisturising clay body mask and sweet orange oil full body massage. Afterwards, relax on the day beds with a rose-infused cold towel and a selection of dried fruits with a refreshing herbal tea.
